

Contribution of Alumni Association towards the Development of the Institution

Women's College, Calcutta has an active and functional alumni association which shares a strong rapport with the present faculty members as well as the students. They play a major role in the functioning of the college activities.

- They organize medical camps for faculty members and the non-teaching staff members.
- They organize sit and draw competitions for the students as well as seminars and invited lectures to develop entrepreneurship skills and other benefits for both our present and former students.
- They provide our former students opportunities to exhibit their products and talk about their success stories which would motivate their juniors.
- The alumni association keeps a track of the notable alumni who are placed in various notable positions within the city and in the country. During times of crisis, it has contributed financially for the benefit and improvement of the institution. In January 2019, when a terrible fire broke out and gutted down the slum dwellings beside our college, our alumni association came forward and worked hand in hand with the administration of the college. Past and present students joined hands to collect funds and old clothes to provide them the basic facilities and warmth during those cold days.
- During the Covid days, Debjani Bhattacharya, a notable alumni connected us to many good Samaritans who donated a significant amount for all those bright students who were almost on the point of discontinuing their studies due to financial constraints.
- The alumni association plays a pivotal role in 'Srijan': Centre for Community Welfare, the non-government organization that occupies an intrinsic section of our institution. Children of the nearby slum areas are assisted by our alumnus in their everyday studies along with various cultural training like dancing, music, elocution and painting which provides them with an opportunity to nurture their hidden skills.
- They also provide books, stationery, school uniforms and refreshments to the beneficiaries of Srijan on a regular basis.
